Introduction

This Guide answers some frequently asked questions about the Avalon Yacht Club Youth & Sailing Program. Hopefully, you can find answers to your questions here or information that points in a helpful direction. To the extent anything is not covered or remains unclear, please reach out to a member of the AYC Sailing Committee or someone else involved in the Program. AYC is, after all, a social club. And if you recognize a question or topic that should be covered in a future guide, please let us know.

-- The Avalon Yacht Club Sailing Committee

Contents

This Guide is written in a Q&A format, organized around 5 topics with 5 related appendices:

	<u>page</u>
Section 1: The AYC Youth & Sailing Program, Generally	3
Section 2: The Weekday Sailing and Arts & Crafts Programs	4
Section 3: The AYC Racing Team	9
Section 4: The AYC Weekend Regattas	18
Section 5: AYC Equipment Use & Care	20
Appendix A: The 2018 AYC Summer Sailing Calendar Dates at a Glance	21
Appendix B: The AYC Youth & Sailing Program Sailor Code of Conduct	22
Appendix C: Avalon Yacht Club 2018 Youth & Sailing Registration Form (Sample)	23
Appendix D: AYC Notice of Weekend Races – 2018 (for Optimists, Sunfish, Lasers, and C420s, Including the Five “AYC Summer Series” Regattas).....	24
Appendix E: AYC Youth & Sailing Contact Information	26

Section 1: The AYC Youth & Sailing Program, Generally

What is the Youth & Sailing Program?

The Program is the set of Club activities organized to promote sailing for Members' children and grandchildren. It includes eight weeks of introductory and advanced sailing classes, Arts & Crafts classes for younger children, the AYC Racing Team, weekend intraclub regattas, Family Day, and Family Night. The Program is intended to teach sailing and provide opportunities for sailors to form lasting friendships, learn teamwork, improve self-confidence, and develop other life skills.

The Program has been a part of the Club since the 1950s. Though its details have evolved over time, its purpose as a core component in the Club's summer schedule remains largely unchanged.

Who may participate in the Program?

Members' children and grandchildren are welcome in the Program, provided they meet the minimum age requirements.

How is the Program Organized?

The AYC Sailing Committee, led by its Chairperson, oversees the Youth & Sailing Program in coordination with other Club functions. Daily administration of the Program during the summer is handled by the Sailing Director.

Member involvement in the Program is also key. Members participate in the Program throughout the summer in various ways that include: volunteering at regattas, crewing patrol boats, towing trailers and ferrying equipment to away regattas, sailing themselves, providing instruction and guidance to younger sailors, and generally supporting all children in the Program.

How is the Program integrated with other AYC activities?

Youth & Sailing activities are intended to complement other Club programs and typically align most closely with Youth Activities and some Adult Sailing events. The Sailing Committee tries to schedule Youth & Sailing Program events to minimize conflicts among Club activities.

What are the dates of Youth & Sailing Program activities?

Youth & Sailing Program activities occur throughout the summer and are listed on the AYC Summer Sailing Calendar. A list of calendar dates is reprinted here as Appendix A. Event dates are also listed on the Club calendar available online at www.avalonyachtclub.com in the Members' section of the website.

Section 2: The Weekday Sailing and Arts & Crafts Programs

When are the weekday sailing and arts & crafts programs?

The weekday sailing and arts & crafts programs are held Mondays through Thursdays in the summer. The programs are divided into two sessions, each lasting four weeks. In 2018:

- Session I will begin on June 25 and end on July 21, at Family Day.
- Session II will begin on July 23 and end on August 17, at Family Night.

What are the hours of the sailing and arts & crafts programs?

The Arts & Crafts and Introduction to Sailing programs are each half-day classes starting at 10:00 a.m. and ending at noon. Sailors in the Introduction to Sailing class have the option of staying for lunch, which ends at 12:30 p.m.

The full day sailing classes start at 10:00 a.m. and finish at approximately 3:00 p.m.

Sailors and Arts & Crafts participants should not arrive at the Club before 9:50 a.m. on weekdays, and they should be picked up on a timely basis. There will be days when sailing classes run past the regularly scheduled pick-up times due to tide and wind conditions. Boat cleanup and tie downs are important parts of each sailor's day, and children are asked to assist others in this process once they have packed their own equipment.

How old are the children in the weekday sailing and arts & crafts program?

Children may join the Arts & Crafts program when they are five years old. Children can start in the sailing program when they are seven years old.

For each of the two sessions during the summer, a child's eligibility is based on his or her age on the last day of the particular session.

How do children progress through the sailing program?

Sailors old enough to join the sailing portion of the program are introduced to basic sailing skills under direct Instructor supervision. Sailors typically learn to sail in Optimist sailboats, sailing in pairs at the youngest ages and progressing to single-handed sailing as their skills and confidence allow. As skills improve and sailors demonstrate the ability to sail independently, they ascend through multiple levels of instruction. As sailors grow, they eventually age-out or grow-out of the Optimist class and progress to the Sunfish, Laser or Club 420 sailboats.

Sailors who can sail by themselves proficiently are encouraged to race in weekend regattas at the Club and to join the Racing Team that represents AYC at weekly travel regattas (MAYRA's South Jersey Summer Series) and other events.

Starting at age 16, some of our sailors train to become Instructor Assistants. At age 18, and upon certification, they may become U.S. Sailing certified Instructors.

How do I determine the appropriate class level for a sailor?

Sailing class assignments are based primarily on ability, not age. Classes may be requested during registration, but assignments of sailors to appropriate levels is overseen by the Sailing Director (in consultation with the Sailing Committee Chairperson, if necessary) based on a sailor's skill level, experience, and age. Sailors may be moved between classes during a session. Older sailors who start at lower levels typically develop skills more quickly than younger sailors, so sailors eventually tend to sail with others at or close to their own ages.

What are the class levels in the weekday sailing program?

Morning 10am – 12pm

Arts & Crafts/Swimming (5-6 years)

- Fun with arts & crafts, participants learn water safety and gain confidence through swimming
- Many A&C children move into the sailing program

Introduction to Sailing (7-8 years)

- Most have little or no prior sailing experience
- Sail with Instructors to build comfort on the water
- Option to stay for lunch until 12:30

Full-Day 10am – 3pm

Level I Optimist (8 years plus)

- Begin sailing in pairs or alone based on skill level
- An objective is solo sailing by end of summer
- Water safety, sailing basics & fun races

Level II Optimist (Basic Racing)

- Sailors sail by themselves
- Basic racing skills, rules of sailing & fun races
- Many compete in SJSS Green Fleet races

Level III Optimist (Competitive Racing)

- Expand on skills introduced in Level II
- Develop sailing and racing skills
- Many compete in SJSS White/Blue Fleet races

Level IV & V Optimist (Advanced Racing)

- Advanced boat handling and rules understanding
- Focus on racing skills
- Many compete in SJSS Blue/Red Fleet races

Intermediate/Advanced Sunfish

- Sailors sail by themselves
- Expand rules knowledge and racing skills
- Many compete in SJSS Sunfish races

Laser & Club 420 (Advanced Racing)

- Two separate classes, one for Lasers and one for Club 420s
- Must have prior Optimist or Sunfish experience
- Focus on knowledge of the single-handed Laser (Radial or 4.7) and double-handed Club 420
- Many compete in SJSS Laser or Club 420 races

The Sailing Committee, in consultation with the Sailing Director, may add classes based on need.

Where and when do I register for the weekday sailing program?

Registration is online only at www.avalonyachtclub.com through the Members' section of the website.

A completed Registration Form and all fees must be submitted by May 1, 2018 for each child entering the program. Applications received after that date will incur a \$50 late fee.

All charges will be added automatically to each Member's monthly bill. No partial session payments will be accepted.

Participants must be children or grandchildren of Avalon Yacht Club Members. Class sizes are limited and registration will be prioritized by type of membership. If space allows, prospective members who are actively on the club's waiting list may also register their children for the program.

Copies of birth certificates are required for Arts & Crafts and Introduction to Sailing participants.

What are the fees for the AYC summer programs?

2018 Fees for the Program are listed on the Registration Form, a sample of which is reprinted here as Appendix C.

How is the sailing curriculum developed?

What are the sailing Instructors' certifications?

The sailing curriculum and Instructor/sailor ratios are developed in accordance with U.S. Sailing standards. All Instructors and Junior Instructors are certified in CPR, American Red Cross or Green Cross First Aid, and Life Saving, and they have taken US Sailing Level 1. Instructors and Junior Instructors have also completed a Boating Safety course.

Do sailors need to swim?

Yes. All sailors are required to pass a swim evaluation on the first day of each session. Any sailor who cannot swim cannot participate in the sailing program.

Participants in the Arts & Crafts program do not need to pass a swim test, but swimming from the Club docks while wearing a life jacket is a regular Arts & Crafts activity.

Do sailors need their own sailboats?

That depends on which class a sailor attends.

- In the Introduction to Sailing and Level I Optimist classes, sailors do not need their own sailboats. However, boat ownership is strongly encouraged to ensure optimal time on the water.
- For Optimist Levels II, III, IV, and V, sailors are required to have their own boats.

- For the Intermediate/Advanced Sunfish class and the Laser & Club 420 class, sailors are required to have their own boats. (While boat ownership at these levels is most common, a small number of Lasers and Club 420s are available for rent from the Club for the duration of the program.)

All sailboats must be in good condition with class standard safety equipment and a 25-foot towline attached securely to the bow. Dollies are required for all sailboats so they can be moved to and from the water and around the boatyard. All personal equipment should be labeled clearly.

Do sailboats used in the Program need an AYC Yard Storage sticker?

Yes. Stickers can be pre-purchased through the Club website and picked up at the front desk on Memorial Day weekend, or they can be purchased after Memorial Day at the front desk. Stickers should be displayed on the sterns of boats. AYC Yard Storage stickers are also required and should be displayed on personal trailers kept at the Club.

Can I rent an Optimist sailboat for the summer?

No. The AYC-owned Optimist boats are used for the Introduction to Sailing and Level I Optimist classes, where boat ownership is encouraged but not required.

Many Optimist sailors own used boats, some of which have been purchased from the families of older sailors who have moved up to larger boats. Used Optimists are sometimes listed for sale on the Club bulletin board.

Can I rent a Laser, Club 420, or Sunfish sailboat for the summer?

A small number of AYC-owned Lasers and Club 420 sailboats are available for summer rental to sailors registered in the sailing program. Rental terms are set by the Club, and fees must be paid prior to the registration deadline. The AYC does not have Sunfish sailboats available to rent.

Rental boats are assigned by the Sailing Committee Chairperson, with priority given to full season rentals and sailors participating in both the weekday sailing program and weekly South Jersey Summer Series junior regattas. Sailors meeting all of those criteria will be assigned boats on a first-come/first-served basis. The date on which all required forms and payments are received will be considered the date of the application as determined by cancellation stamp on postage or time of online submission. If AYC boats remain available for full-season non-racers or half season rentals, those applications will be considered in that order of priority, then on a first-come/first-served basis.

Rental boats may be used for away regattas, provided an AYC coach is attending the regatta. Rigs or other equipment are not rented separately from boats, and boat rentals by any sailor are limited to two years per fleet. A damage deposit is required for all rentals.

Other than a sailboat and the ability to swim, what else do junior sailors need?

All participants in the weekday program must adhere to the AYC Youth & Sailing Program Sailor Code of Conduct. A copy of the Code is reprinted here as Appendix B.

Also, every day, sailors should have:

- A properly fitted and US Coast Guard approved life jacket that will be correctly secured and worn at all times on the water, around the boats, at the beach, and on docks;
- A whistle attached to his or her life jacket;
- Shoes, to be worn at all times on land and in the boats;

- A water bottle, preferably the reusable plastic kind that can be filled at the water cooler on the Youth Room deck; and,
- Sunscreen.

All personal items should be labeled with a permanent marker. Too much gear ends up in the Lost & Found, and we prefer to return misplaced items to their owners.

Is there a lunch plan?

Yes. A lunch plan is available and can be signed-up for at registration.

Sailors who participate in the lunch plan and join the AYC Racing Team are allowed to pro-rate the fees for the lunch plan to account for Thursdays they will be away from the Club for travel regattas.

Sailors may also pack their own lunches.

Are there opportunities for organized sailing outside of classes?

Sailors who can sail by themselves, reaching an appropriate level of proficiency, are encouraged to participate in weekend races at the Club and to join the Racing Team that competes in weekly junior regattas that are part of MAYRA's South Jersey Summer Series. Additional details regarding those activities are described below in Sections 3 and 4.

Are private sailing lessons available?

AYC does not offer private lessons, but some Instructors make themselves available for that purpose.

Section 3: The AYC Racing Team

What is the AYC Racing Team?

The Racing Team is the group of junior sailors in the Youth & Sailing Program who participate in local and regional racing events, plus all of the organizational and logistical support provided by the Club and sailors' families related to those events.

Sailors improve their abilities by sailing more and in more challenging conditions. The Racing Team provides those types of opportunities for interested AYC sailors outside of the weekly classes.

We encourage all of our sailors beyond the beginner levels to test their skills, join the Racing Team, and compete in the weekly MAYRA South Jersey Summer Series (SJSS) regattas and other regional sailing events.

Has the AYC Racing Team been successful?

We think so. All sailors on the team participate in an activity that allows them to compete against sailors from other clubs and improve their sailing skills while having fun. As we have grown, more and more AYC sailors and their families have been able to enjoy the challenges, fun, and social opportunities that are part of racing.

AYC is also the two-time (2016, 2017) defending MAYRA South Jersey Summer Series Champion. It's not necessary to win to be successful, but it's nice. ☺

How many AYC sailors participate on the AYC Racing Team?

The Racing Team travels with as many as forty sailors, thirty boats, a dozen Instructors, two patrol boats, and all of the accompanying sails, spars, blades, bailers, trailers, and other equipment needed to support the team.

The effort required by the entire Club to organize and support the Racing Team demonstrates how sailing is truly a team sport. The sailors, instructors, parents, friends, and other Members all come together to create great memories that last all winter and beyond.

How is the AYC Racing Team connected to the weekday sailing program?

Part of learning to sail in the Club weekday sailing program involves learning the rules of sailing and racing skills. The Racing Team is an extension of the weekday sailing program.

While the Racing Team is part of the Youth & Sailing Program, it is optional. The Club supports the Team as part of the overall sailing program.

Sailors in the Level III, IV, and V Optimist classes, the Intermediate/Advanced Sunfish class, and the Laser & Club 420 class comprise most of the Racing Team and travel on Thursdays to the MAYRA SJSS junior regattas.

Sailors in the Level II Optimist classes can also be on the Racing Team, usually competing in the Green fleet races designed as fun and low-key introductions to competitive sailing. Green fleet race courses are usually simple and very close to shore, and we encourage our Level II Optimist sailors (and Level III sailors, before they are ready for the White, Blue, or Red fleets) to participate in the Green fleet races when they are ready.

We emphasize, though, that participation on the Racing Team is optional. Sailors who do not travel on race days when the weekday sailing program is in session will still sail at the Club with a focus on fun, safety, and more relaxed levels of competitiveness.

How do I know if my sailor is ready to join the AYC Racing Team?

To travel, sailors should understand the basic rules of sailing, be able to rig and de-rig their boats by themselves, and be able to handle their boat independently in the racing sailing conditions. Instructors in the weekday program can give sailors an informal skills evaluation to help determine if they are ready to join the Racing Team and travel.

Sailors can join the Racing Team at any time during the summer, so there is no need to make a commitment at the beginning of the season.

Most younger Optimist sailors start in Green fleet races, which are fun and low-key introductions to competitive sailing staged close to shore. Green fleet races typically start later and finish earlier than all other races at MAYRA SJSS regattas, allowing Instructors to assist the younger and less experienced racers, if needed, more than they can help other racers.

The weekend regattas at the Club also provide opportunities for younger and less experienced sailors to experience racing in a smaller and more familiar setting.

Should a sailor be discouraged from joining the Racing Team if he or she is not as fast as other boats?

Absolutely not.

Consistent with the overall purposes of the Youth & Sailing Program, the Racing Team is an opportunity for sailors to expand their sailing experiences while forming friendships, learning teamwork, improving self-confidence, and developing other life skills. Sailors join the Racing Team for different reasons and place at the top, middle, and bottom of fleets at regattas. Some sailors just want to sail. Others enjoy the weekly travel. Others like interactions with racers from other clubs and being part of the team. These and others are all fine reasons to join the Racing Team.

How does a sailor join the AYC Racing Team?

Sailors can join the Racing Team as part of the Youth & Sailing registration by indicating their selection on the registration form and paying the Racing Team fee. Sailors may also join the Racing Team by expressing interest to their Instructor and paying either the full or half season Racing Team fee, as applicable.

What are the fees for the AYC Racing Team?

The two main fees for participation on the Racing Team are the AYC team fee and the registration fees for the individual regattas.

The AYC Racing Team Fee: The Racing Team fee is on the Registration Form (reprinted here as Appendix C). The Racing Team fee covers the cost of a team t-shirt plus other expenses that are specific to the Racing Team (e.g., trailer maintenance and supplies, etc.). Only full and half season payments are accepted.

The Regatta Fees: Each regatta typically charges a registration fee covering the administration of the regatta, a regatta t-shirt, and lunch. Registrations for the MAYRA SJSS are usually completed

online before race days. Details about individual regatta fees are typically described in the Notice of Race for the individual regattas that are available through MAYRA's website (mayra.org). Sailors are responsible to ensure they are individually registered for regattas, including the payment of required fees.

Other costs include the personal expenses incurred for highway tolls and fuel used traveling to regattas.

To the extent that sailors participate in regattas outside of the MAYRA South Jersey Summer Series, there may be other costs (e.g., coach boats) in addition to the regatta fees. Those fees are typically determined in advance, before commitments are required, and divided among participating sailors.

How are responsibilities divided for the AYC Racing Team?

Sailors on the Racing Team are expected to:

- Be responsible for themselves, their boats, their equipment, and their belongings;
- Be a team player, assisting with the loading and unloading of all boats and equipment;
- Be capable of rigging (and de-rigging) their boats independently;
- Have a working knowledge of racing skills and the Racing Rules of Sailing;
- Read and be familiar with the SJSS 2018 Rules & Regulations for Junior Events;
- Read the Notice of Race and any Sailing Instructions issued for each regatta, attend the Skippers' Meetings, and prepare to race;
- Act appropriately as AYC representatives while guests at the host yacht clubs; and,
- Compete to the best of their abilities, with enthusiasm and sportsmanship.

Instructors assigned to work with the Racing Team on race days are expected to:

- Coach sailors before, during, and after regattas, checking for proper rigging, helping with any equipment issues, and offering sailors instruction and encouragement (within the limits of the Racing Rules of Sailing);
- Be attentive to the safety of all sailors on the water;
- Communicate with sailors' parents and guardians; and,
- Oversee the loading and unloading of boats on trailers, including the safe tie downs of all boats and equipment for road travel.

Parents of sailors on the Racing Team are expected to:

- Attend the Parent Racing Meeting on the first Monday of each sailing session;
- Register your sailor for regattas, including the payment of fees;
- Be present with your sailor at each regatta in case of emergency (or arrange for a designee present to act in your place);
- Trailer boats, haul equipment, and/or transport sailors to and from regattas;
- Assist with loading and unloading of boats and equipment, launching, and general organization of sailors, boats and equipment;
- Assist at the AYC Junior Regatta and extend all courtesies to our guests; and,
- Cheer on all sailors (within the limits of the Racing Rules of Sailing).

Is coaching or assistance to sailors permitted during regattas?

Coaching and assistance from sailing instructors is permitted before racing, prior to the preparatory signal for each race. Coaching or any other form of assistance from sailing instructors, parents, or other spectators is strictly prohibited during races. In SJSS races, there is a limited exception for instruction from sailing instructors who have received permission from the Race Committee to coach competitors sailing significantly behind other competitors. The penalty for violations of these rules is usually disqualification of the improperly coached or assisted participant.

What is the role of the AYC Racing Coach?

The Racing Coach is a specific position on the AYC staff with focused attention on the Racing Team. The Racing Coach has demonstrated advanced accomplishments in his or her own racing career and is often an active participant on a collegiate sailing team.

The specific responsibilities of the Racing Coach include:

- overseeing the Racing Team's adherence to safety procedures;
- running daily team practices for Lasers and Club 420s;
- providing general guidance to Optimist and Sunfish Instructors to assure that appropriate levels of instruction are given;
- traveling with the sailors to SJSS Regattas (includes organizing and keeping track of equipment as well as on-water and on-land coaching at events);
- mentoring Junior Instructors who are assigned to the travel program;
- communicating regularly with parents about practices, races, and coordinating logistics of regatta travel;
- identifying maintenance needs of Club-owned boats and maintaining a list of equipment needs with the Sailing Director; and,
- as the senior member of the travel team coaching staff, providing oversight and support, as necessary, to coaches and sailors who travel with the AYC Racing Team.

What is the South Jersey Summer Series (SJSS)?

The SJSS is a series of junior regattas held throughout the summer, typically on seven consecutive Thursdays between late June and early August. The regattas are hosted by yacht clubs in the Mid-Atlantic Yacht Racing Association (MAYRA), including the Avalon Yacht Club. The SJSS junior regattas are the most visible and well attended of the events in which Racing Team members participate.

The current 2018 SJSS regatta schedule is:

- June 28 — Greater Wildwood Yacht Club (GWYC) and Yacht Club of Sea Isle City (YCSIC) Regatta
- July 5 — Yacht Club of Stone Harbor (YCSH)
- July 12 — Brigantine Yacht Club (BYC)
- July 19 — Avalon Yacht Club (AYC)
- July 26 — Ocean City Yacht Club (OCYC)
- August 2 — Corinthian Yacht Club of Cape May (CYCCM)
- August 9 — Cooper River Yacht Club (CRYC)

When does a sailor on the Racing Team need to commit to sail in a particular regatta?

For the Thursday MAYRA SJSS regattas, AYC sailors planning to race with the team must commit by the start of the sailing program at 10am on the Tuesday before the particular regatta. This deadline allows the Sailing Director time to organize the necessary logistics for the weekly roster of travel sailors, including the assignments of Instructors, the allocations of trailer space, and drivers' assignments. It is difficult to add boats (or remove them from trailers) and move equipment at the last minute, and it is especially hard to add trailers that have not been pre-planned.

For regattas other than those in the MAYRA SJSS, deadlines are established and communicated on an event-by-event basis.

Where and how does a sailor register for a Regatta?

The Racing Team does NOT register sailors for away regattas.

In past years, registrations for MAYRA SJSS regattas have been completed online through the SJSS regatta webpages on U.S. Sailing's www.regattanetwork.com website. The easiest path to those webpages is via the direct links on MAYRA's mayra.org website. Sailors' parents or guardians should complete registrations before race days.

Sailors' names and their sail numbers are needed for registration. Registration fees are paid by credit card, and there is usually a different fee for single-handed boats (Optimists, Lasers, and Sunfish) and double-handed boats (Club 420s).

Some regattas allow on-site registration. Those registrations often come with an additional fee and are not guaranteed, so advance registration is highly recommended.

Are there age or other qualifying requirements for regattas?

Yes. Qualifications for events are typically publicized in the Notice of Race and any other rules or regulations applicable to the particular regattas.

For the MAYRA South Jersey Summer Series, the age requirements are as follows:

- Optimist age requirements adhere to the US Optimist Dinghy Association (USODA) class rules. The competitive Optimist Dinghy fleet is grouped in three divisions based on the ages of competitors on the first day of the scheduled competition (*i.e.*, June 28, 2018):
 - White Fleet: 10 years old or younger
 - Blue Fleet: 11 or 12 years old
 - Red Fleet: 13, 14, or 15 years old and shall not have reached their 16th birthday in the current calendar year (*i.e.*, sailors who will turn 16 in the current year have aged out of the class).
 - Sailors up to 15 years old may participate as Green Fleet sailors. The purpose of the Green Fleet is to encourage novice sailors, and the USODA's policy is to present "Participation Awards" to all skippers sailing Green Fleet.
- Laser 4.7, Laser Radial, Club 420, and Sunfish sailors may be 18 years old or younger, and no sailor may turn 19 years old at any time during the summer series.

What is the usual plan for away regattas? For example, when are boats loaded on trailers, when is the equipment packed, and how do we travel to away regattas?

Depending on who signs up for a particular Thursday regatta, the Sailing Director prepares a list of assignments for trailers and hauling of sails, spars, blades, bailers, and other needed equipment. The list is usually distributed by email to Racing Team parents late Tuesday or early Wednesday before regular Thursday SJSS regattas.

Assignments are usually made, if possible, so that trailers and vehicles transporting equipment contain consistent sets of gear (*e.g.*, Lasers and Laser equipment (sails, blades, masts, booms, and dollies) are packed and transported together in one vehicle or in a combined set of vehicles that caravan together). This serves a number of purposes, including helping sailors know where their gear is located, helping parents know what gear they have, and being more efficient when we arrive at the regatta sites as the different classes of boats sometimes unload and rig in different areas.

The parents or guardians of Racing Team members who participate in the SJSS regattas are expected to share the work of trailering boats, hauling equipment, and transporting sailors on Thursdays.

Assignments are made weekly based on availability. Boats and equipment are usually loaded on trailers and packed in vehicles on Wednesday afternoons at the Club.

Those transporting equipment in their vehicles to a SJSS regatta should plan to be at the Club on Wednesday afternoons to load equipment at the end of the sailing program hours. We usually then meet at a designated time on Thursday mornings to confirm that all sailors, boats, and equipment are accounted for, to connect trailers, and to caravan to the regatta site.

For races other than the MAYRA SJSS regattas, similar plans are usually made based upon the details of those events and the sailors who participate.

Does the AYC Racing Team transport everyone's boat to regattas every week?

Yes, and the Club is working to keep it that way.

The Racing Team has been fortunate in recent years to accommodate almost all sailors who wanted to sail in the SJSS junior regattas on Thursdays through the summer. AYC's high levels of participation at regattas has been possible because of the support from the Club and its Members.

The Racing Team relies on a mix of Club-owned trailers, Member-owned trailers, and enough parents ready and willing to tow boat trailers, haul equipment, and transport sailors to and from regattas. That has allowed the Racing Team to support dozens of sailors on the water at the away regattas.

The Club continues to make investments in equipment with the expectation that interest in our racing team will continue for the foreseeable future. One resource the Club does not control, however, is the number of parents ready and willing to tow boat trailers. Almost all of our trailers are pulled by parents. Accordingly, all parents are asked to tow, if at all possible.

We remain cautiously optimistic that we will continue to transport all interested sailors' boats to away regattas. In the event that trailer spaces become limited, decisions for the travel team will be made on a weekly basis by the Sailing Director in consultation with the Sailing Committee Chairperson (if necessary) based upon priorities set by the Sailing Committee.

What do I need to know in order to tow a trailer to and from regattas?

Many Racing Team parents who tow trailers to regattas had never towed anything behind their vehicles before they started helping the Racing Team. Many learned from the parents of older racers who preceded them on the team and are now passing to parents of younger racers their knowledge about securing couplers to ball hitches, attaching safety chains, and checking brake light electrical connections. (Most of the Club-owned and Member-owned trailers have couplers with sockets designed to fit either a 1-7/8 inch or 2-inch trailer ball, with four pin electrical connectors.)

The Club maintains the Club-owned trailers, and Members maintain the Member-owned trailers. Trailers are numbered, and any problems (e.g., burned out bulbs, low tire pressure) should be reported to the Sailing Director so that repairs or adjustments can be made promptly.

Trailers are kept in the boatyard at the northeast corner of the Club property. Before regattas, they are almost always picked up there. After regattas, the trailers (still carrying boats) should be parked there, pushed back as far as possible to be outside of the normal traffic pattern and allowing maximum weekend parking at the Club.

Travel to some away regattas includes travel through tolls on the Garden State Parkway. A normal EZPass tag can be used while towing a trailer. However, it is recommended that drivers use their EZPass tags in the combined EZPass/Cash toll lane (with the attendant present) to confirm that the

trailer is accounted for. A mis-read in the high speed EZPass lane can result in an inappropriate charge which then needs to be challenged. While such charges have been successfully challenged in the past, the preferable course is to avoid them in the first instance.

What do I need to know if I help ferry equipment to and from regattas?

Sails, blades, bailers, and other equipment transported in vehicles (as opposed to on or in trailers) are usually packed and loaded in cars the afternoon before regatta days.

When equipment is brought back to the Club after regattas, sailors should help move the gear neatly into the shed on southeast side of the Club property. All Racing Team equipment is stored in the shed until it is next used on weekends or the following Monday mornings. Because the shed is used to store AYC-owned boat equipment, it should be kept as organized and accessible as possible. No equipment should be stored in the Youth Room.

While efforts are made to plan reasonably based upon available information, it is always appreciated when sailors, instructors, and parents/guardians can remain flexible to the extent plans change or unforeseen challenges need to be overcome.

What do sailors need to do before regattas?

Before the regattas, sailors need to:

- make sure their registration for the regatta is complete, and make sure their commitment to sail in the regatta is communicated to the Sailing Director on time;
- help load their boat (and others) on assigned trailers, help pack equipment in assigned vehicles, know where their equipment is, and know they have all equipment needed for the regatta;
- know how they are traveling to the regatta, and know who their supervising adult will be;
- make sure they are and will remain responsible for themselves, their equipment, and their personal belongings (i.e., life jacket, sunscreen, water bottle, water shoes, extra clothes, etc.). Making sure that all personal equipment and belongings are clearly-labeled is especially important given the number of sailors at away regattas;
- Read and be familiar with the Notice of Race and any Sailing Instructions; and,
- Prepare to race.

Importantly, while Instructors and parents help sailors load and transport boats and gear for the away regattas, sailors are ultimately responsible for having all of their equipment, knowing where it is, and making sure they have everything they need.

Do I need to stay with my sailor at travel regattas?

Yes, or you need to arrange for someone who will be present to act in your place if it is needed for any reason.

The Racing Team coach and Instructors who travel with the Racing Team to away regattas are typically on the water during races and cannot easily attend to sailors who need to come in early for any reason. Parents and guardians often organize with others to share coverage.

What are the racing rules at the regattas?

The Racing Rules of Sailing always apply to the races in which the Racing Team participates, subject to modifications and/or supplements in the Notice of Race for the regatta and the Sailing Instructors published by the organizing club. The Notice of Race is usually available well in advance of the regattas and available on the SJSS regatta webpages accessible through MAYRA's website (mayra.org).

What do sailors need to do after regattas?

After racing but before leaving the away regatta sites, AYC sailors are responsible for making sure that their boats and equipment are loaded for the return trip to the Club. Instructors and parents help with the movement of boats and equipment and ensure that gear on trailers is properly secured, but the sailors are responsible for making sure their gear is packed for the return trip. Sailors are also expected to clean up after themselves, including disposal of any trash and collection of all personal belongings.

After returning to the Club from regattas, sailors are responsible for having their boats unloaded and their equipment collected before the start of the sailing program at 10am on the following Monday morning. The unloading of boats and the collection of equipment should be done on the sailors' own time to avoid lost time. Too much time has been spent on Monday mornings in past years unloading boats left on trailers since the previous Thursday. That time is better spent sailing.

Many sailors who compete in Thursday's MAYRA SJSS regattas use the Club's weekend regattas as occasions to unload their boats and opportunities to race again.

When is the AYC Junior Regatta, and how does it affect the regularly scheduled AYC Program?

The Avalon Yacht Club Junior Regatta on Thursday, July 19, 2018 will be the fourth regatta in this year's MAYRA South Jersey Summer Series. As we prepare to welcome scores of junior sailors from other clubs and their families, we aim to repeat the great event that we hosted in 2017. Accordingly, we will again need volunteers to help put our best foot forward.

Because of the regatta on July 19, the regular weekday sailing program and Arts & Crafts activities will not be held on that day. AYC Sailors in the program who have not joined the Racing Team are welcome to participate in the AYC Regatta.

Also, parking will be limited on AYC Regatta race day because of the space that will be needed for the unloading and rigging of all participants' boats.

What other races at AYC are there for Optimists, Sunfish, Lasers, and Club 420s?

There are eight competitive weekend intraclub regattas at the Club, including five that constitute the "AYC Summer Series" that are the basis for perpetual awards presented on Family Night. All eight of those regattas are open to junior sailors in the Optimist, Sunfish, Laser, and Club 420 classes.

The eight intraclub weekend regattas are: The Memorial Day Regatta (May 27); the Independence Day Regatta (June 30); the Past-Commodores' Regatta (July 7); the OCF Pizza and Ice Cream Regatta (July 14); the Pirates' Regatta (August 4); the Commodore's Regatta (August 11); the Mothers & Fathers / Old Timers' Regatta (August 25); and the Labor Day Regatta (September 2). Additional details about those regattas are described below in Section 4.

Additionally, the Twilight Sail and Poker Regatta is a less competitive event that will be held on July 13.

What other races away from AYC are there for members of the Racing Team?

Other regattas in New Jersey at which Racing Team members will sail in the summer of 2018:

- July 6 — The Powder Puff Regatta at the Metedeconk River Yacht Club. (The Powder Puff Regatta is a popular girls-only event with races for Optimists, Sunfish, Lasers, and Club 420 fleets. Registration in past years has filled early, so early registration is recommended.)
- July 16-17 — Junior Olympics at the Island Heights Yacht Club (The Junior Olympics is a large regional regatta open to Optimists, Sunfish, Lasers and 420s.)
- August 7 — No Tears Regatta at the Toms River Yacht Club (The No Tears Regatta is an all-Green Fleet regatta designed specifically to give younger sailors a “large regatta” experience without the pressures of a large regatta.)
- August 19-21— New Jersey Optimist State Championship at the Surf City Yacht Club (New Jersey States is a competitive, Optimist-only event recommended for our more advanced Optimist sailors.)

Additional details for each of these events is published by the regatta organizers in their Notices of Race. The extent to which the Club will support these events—potentially in coordination with other MAYRA clubs—will be determined after considering the interest from Racing Team sailors.

What are the Racing Team Parents’ Meetings?

Parents or guardians of Racing Team members are asked to attend a meeting held on the first Monday of each sailing session. The purposes of the meetings are to discuss plans for the upcoming regattas, to share information, and to identify any issues to be addressed before they become problems.

Section 4: The AYC Weekend Regattas for Optimists, Sunfish, Lasers, and Club 420s

What are AYC weekend regattas for Optimists, Sunfish, Lasers, and Club 420s?

The eight weekend AYC intraclub regattas are:

Sunday, May 27 at 1 pm	Memorial Day Regatta
Saturday, June 30 at 10am	Independence Day Regatta ("AYC Summer Series" #1)
Saturday, July 7 at 10am	Past-Commodores' Regatta ("AYC Summer Series" #2)
Saturday, July 14 at 10am	OCF Pizza and Ice Cream Regatta ("AYC Summer Series" #3)
Saturday, Aug. 4 at 10am	Pirates' Regatta ("AYC Summer Series" #4)
Saturday, Aug. 11 at 10am	Commodore's Regatta ("AYC Summer Series" #5)
Saturday, Aug. 25 at 10am	Mothers & Fathers / Old Timers' Regatta
Sunday, Sept. 2 at 1 pm	Labor Day Regatta

The times listed are the start times for the Skippers' Meetings. All sailors' boats should be rigged and ready before the Skippers' Meetings so that boats can launch immediately after the meetings.

Who is invited to sail in the AYC weekend regattas?

The weekend regattas are open to all AYC sailors, regardless of age.

What classes of boats participate, and in what divisions?

Optimists, Sunfish, Lasers, and Club 420s all race in the following divisions:

- Club 420s.
- Lasers: Full, Radial, and 4.7 classes, each with Adult & Junior (under age 16) divisions
- Sunfish class: Master, Alumni (under age 40), and Junior (under age 16) divisions.
- Optimists: Opti sailors are grouped into Gold and Silver fleets, divided by skill level (not age).

What is the format of the weekend regattas?

Up to three races are run for each class, and scoring is based on a sailors' overall finishes.

How does a sailor register for the weekend regattas?

Sailors register by showing up at the Club on race days and adding their names and sail numbers to the sign-up sheet. Registration usually opens forty-five minutes before the scheduled Skippers' Meeting start time.

Is there a fee to participate in the weekend regattas?

No. There are no fees for the AYC weekend regattas.

For most regattas, awards are announced at a lunch for sailors and their guests after the races. Everyone is welcome and lunch is optional, though there is a food charge for those who have lunch.

Who runs the weekend regattas?

The weekend regattas are run by Club Members who act as Principal Race Officers and Race Committee Members, operate patrol boats, and keep score. The Club typically assigns two Instructors to assist with each regatta, and the AYC Volunteer Fleet often assists as start/finish boats and patrol/mark boats.

The more Club Members participate, the easier it is to run the races and the more fun we have. Members with boats are invited to join the Volunteer Fleet. Members who stay on land are often helpful unloading any needed boats from trailers, carrying equipment, and overseeing the launch ramp. No experience is required, and all help is welcome.

Do junior sailors need adult supervision at the weekend regattas?

Yes. Junior sailors need a parent or other designated adult at the Club during the races.

What are the rules for the weekend regattas?

The weekend regattas are conducted in accordance with the Racing Rules of Sailing, as modified by the Notice of Race and the Sailing Instructors. And while rules apply, the regattas are friendly competitions among Club Members, run by Club Members, for Club Members. Accordingly, the races are conducted in a relaxed atmosphere. We follow the rules and keep score, and we do so among friends.

Are there awards at the weekend regattas?

Yes. Sailors, families, and friends gather after the races for an awards presentation, usually with food. Also, Club perpetual awards are presented on Family Night based on sailors' performance in the five "AYC Summer Series" regattas that are five of the eight weekend regattas.

Where is there more information about the AYC weekend regattas?

Additional information is in the Notice of Race for the 2018 AYC Weekend Regattas for Optimists, Sunfish, Lasers, and Club 420s. That Notice of Race is reprinted here as Appendix D.

Section 5: AYC Equipment Use & Care

Policy Statement: AYC owns several sailboats (Optimists, Sunfish, Lasers, and Club 420s). If these boats are not chartered by sailors in the Youth & Sailing Program, they will remain available for use by Members during Club-sponsored weekend regattas. Members are responsible for any damage that an AYC boat and/or its equipment may incur while in use by the Member. Instructors will inform parents if an AYC boat has been damaged by their sailor, and that Member will be responsible for the repair or replacement of the damaged equipment. It is important for sailors and parents to understand that equipment damage is an inherent part of sailing. Sailors should never store their personal boats on AYC dollies. AYC also has several trailers for use by the racing teams. The Sailing Director must grant permission for use of any trailer.

Can Club Members' children use AYC owned sailboats for the weekly sailing program?

As is described above in Section 2: (a) AYC-owned Optimists may be used by children in the Introduction to Sailing and Level I Optimist classes, and (b) a small number of Lasers and Club 420s are available for rent from the Club and may be used by sailors in the Youth & Sailing Program. Those are the only circumstances in which AYC-owned boats may be used during the weekly sailing program.

Are AYC boats that are rented for the summer available for use, or are those boats solely for those who rent the boats throughout the rental period?

Boats which have been rented by participants in the Youth & Sailing Program are not available for use by any other Member for any purpose.

If a Club Member wishes to use a Club-owned boat at a Club-sponsored event, how does he or she know which boat to use and where the equipment (e.g., sails and blades) is stored?

Requests to use a Club-owned boat at a Club-sponsored weekend regatta may be sent to the Sailing Committee Chairperson at avalonsailing@gmail.com.

The Club owns a Flying Scot and a J24. What are these sailboats used for?

The Club-owned Flying Scot was donated to the Club for the purpose of building the Flying Scot fleet. Any member who would like to learn more about the Flying Scot fleet, including the use of the club-owned Flying Scot, should contact our flying Scot Fleet Captain, Dave Mohr at drm112@comcast.net

The Club-owned J24 is for the exclusive use of the Youth & Sailing Program. The Sailing Director and the most senior Instructors are responsible for the use of the J24. Under their guidance, that boat may be available to some classes within the Youth & Sailing Program on various days throughout the summer. The J24 may also be used by a team of AYC Instructors in MAYRA offshore regattas. AYC Members may not rent or borrow the Club's J24.

Any other questions?

The names of the Sailing Committee members are listed in Appendix E, and specific questions can be directed to the Sailing Committee Chairperson at avalonsailing@gmail.com.

Appendix A

AYC 2018 Sailing Schedule “Dates at a Glance”

<u>May</u>	May 27 (Sunday), 1 PM	Memorial Day Regatta
<u>June</u>	June 2, 9, 16, and 23 (Saturdays), 11 AM	Pre-Season Sailing
	June 2 (Saturday), 12 PM	Flying Scot Island Series Practice (in the Great Sound)
	June 16 (Saturday), 11 AM	Flying Scot Island Series (in the Great Sound)
	June 16-23	Level 1, 2, and 3 Instructor Training
	June 22 (Friday), 5:30 PM	Friday Night Lasers
	June 25 (Monday)	Start of Juniors' Program, Session I
	June 28 (Thursday)	GWYC/YCSIC Junior Regatta
	June 30 (Saturday), 10 AM	Independence Day Regatta (AYC Summer Series Event)
	June 30 (Saturday), 11 AM	Flying Scot Island Series (in the Great Sound)
<u>July</u>	July 1 (Sunday), 10 AM	Flying Scot Sailing Demo Day
	July 5 (Thursday)	YCSH Junior Regatta
	July 6 (Friday)	MRYC Powder Puff Junior Regatta
	July 6 (Friday)	Area C Sears Qualifier at AYC (Flying Scots)
	July 7 (Saturday), 10 AM	Past Commodores' Regatta (an AYC Summer Series Event)
	July 8 (Sunday), 11 AM	Adult Sailing Lessons
	July 12 (Thursday)	BYC Junior Regatta
	July 13 (Friday) 5:30 PM	Twilight Sail and Poker Regatta
	July 13 (Friday), 5:30 PM	Friday Night Lasers
	July 14–15 (Sat.–Sun.)	Leukemia Cup (Offshore)
	July 14 (Saturday), 10 AM	Leukemia Cup (Flying Scot Races in the Great Sound)
	July 14 (Saturday), 10 AM	Pizza and Ice Cream / OCF Regatta (an AYC Summer Series Event)
	July 18 (Wednesday)	Last Day of Juniors' Program, Session I
	July 19 (Thursday)	AYC Junior Regatta
	July 20 (Friday), 5:30 PM	Friday Night Lasers
	July 21 (Saturday)	Youth & Sailing Family Day
	July 22 (Sunday)	AYC Pursuit Race (Offshore)
	July 22 (Sunday)	CRYC MAYRA Sunfish Championship
	July 23 (Monday)	Start of Juniors' Program, Session II
	July 23-24 (Mon.–Tues.)	Junior Olympics at IHYC
	July 26 (Thursday)	OCYC Junior Regatta
	July 27 (Friday)	Avalon Cup Dinner
	July 28 (Saturday)	Avalon Cup Race (Offshore)
	July 29 (Sunday), 11 AM	Flying Scot Island Series (in the Great Sound)
<u>August</u>	Aug. 2 (Thursday)	CYCCM Junior Regatta
	Aug. 3–4 (Fri.–Sat.)	Cape-to-Cape Race (Offshore)
	Aug. 4 (Saturday), 10 AM	Pirates' Regatta (an AYC Summer Series Event)
	Aug. 4 (Saturday), 1 PM	Flying Scot Island Series (in the Great Sound)
	Aug. 5 (Sunday), 11 AM	Adult Sailing Lessons
	Aug. 7 (Tuesday)	TRYC No Tears Regatta
	Aug. 9 (Thursday)	CRYC Junior Regatta
	Aug. 10 (Friday), 5:30 PM	Friday Night Lasers
	Aug. 11 (Saturday), 10 AM	Commodore's Regatta (an AYC Summer Series Event)
	Aug. 11 (Saturday)	CYCCM MAYRA Laser Championship
	Aug. 14 (Monday)	SJSS Juniors' Awards Dinner and Dance at YCSIC
	Aug. 16 (Thursday)	Last Day of Juniors' Program, Session II
	Aug. 17 (Friday)	Youth & Sailing Family Night and Perpetual Awards Presentations
	Aug. 18 (Saturday)	MAYRA Regatta (Flying Scot Championships in the Great Sound)
	Aug. 19 (Sunday)	MAYRA Luncheon at AYC
	Aug. 25 (Saturday), 10 AM	Mothers/Fathers and Old Timers' Regattas
	Aug. 31 (Friday), 5:30 PM	Friday Night Lasers
<u>September</u>	Sept. 1 (Saturday), 12 PM	Flying Scot Island Series (in the Great Sound)
	Sept. 2 (Sunday), 1 PM	Labor Day Regatta
	Sept. 8, 15, 22, and 29 (Saturdays), 11 AM	Post-Season Sailing

Appendix B

The AYC Youth & Sailing Program Sailors' Code of Conduct

The AYC Youth & Sailing Program Sailors' Code of Conduct is the set of rules all participants in the Program are expected to follow as part of the weekday sailing program. The rules of the Code are:

- Sailors are permitted in the Youth Room, on the Club decks, and in the boatyard.
- The Clubhouse is off limits to youth sailors.
- No sailor may leave the club grounds during the program without the written permission of his or her parent or guardian.
- Youth sailors are not permitted on patrol boats at any time without the permission of the Sailing Director or in an emergency.
- Sailors must stay with their classes at all times, unless excused by the Instructor.
- Sailors must follow Instructors' directions.
- Sailors should always help others with boats and boat clean up.
- Profanity is not permitted.
- Sailors treat each other with respect; bullying, name-calling or insults are not permitted.
- No running on the decks or docks.
- At lunch:
 - Clean up after yourself
 - Do not feed seagulls
 - No horseplay or throwing food
 - Take only food you have purchased
- Guests are not permitted to visit with sailors during program hours.
- Arts & Crafts participants and sailors should not attend the program when they are ill or unable to participate with their assigned groups
- Program participants should not arrive before 9:50am, and they should be picked up on a timely basis. There will be some days that classes run slightly overtime due to tides and winds. Boat cleanup and tie-downs are an important part of each sailor's day, and children are asked to assist others in this process.
- If the Sailing Director determines that conditions are not safe to sail, on-water activities may be suspended.
- The Sailing Committee reserves the right to suspend anyone's participation in the program for misbehavior.

Participating juniors must register for full sessions only ~ half or full season. There will be no discounts for weeks missed. A late payment charge of \$50 will be applied to all applications postmarked or completed and filed after 5/1/17. A \$50 withdrawal fee will be applied to any completed registration that is withdrawn prior to the commencement of the session for which the camper is registered. Refunds will be given for medical reasons only, accompanied by a doctor's note, unless the child is new to the sailing program and we consider him/her not ready for the program. These refunds will only be for days not attended in the session.

revised 1/24/18

Appendix D:

AYC NOTICE OF WEEKEND RACES – 2018

(for Optimists, Sunfish, Lasers, and C420s, Including the Five “AYC Summer Series” Regattas)

AYC sailors of all ages are invited and encouraged to participate in the eight weekend AYC intraclub regattas, including five that constitute the 2018 “AYC Summer Series.” The scheduled regatta dates and times are:

Sunday May 27 at 1 pm	Memorial Day Regatta	
Saturday June 30 at 10am	Independence Day Regatta	(AYC Summer Series Regatta #1)
Saturday July 7 at 10am	Past-Commodores' Regatta	(AYC Summer Series Regatta #2)
Saturday July 14 at 10am	OCF Pizza and Ice Cream Regatta	(AYC Summer Series Regatta #3)
Saturday Aug 4 at 10am	Pirates' Regatta	(AYC Summer Series Regatta #4)
Saturday Aug 11 at 10am	Commodore's Regatta	(AYC Summer Series Regatta #5)
Saturday Aug 25 at 10 am	Mothers & Fathers / Old Timers' Regatta	
Sunday Sept 2 at 1 pm	Labor Day Regatta	

Regatta registrations open on race days 45 minutes before scheduled start times. Skippers' meetings begin at the scheduled times, and races follow. All boats should be rigged and ready before skippers' meetings so we can get on the water and start sailing!

Eligible Classes (Club 420s, Lasers, Sunfish & Optimists) and Divisions:

- Club 420s.
- Lasers: Full, Radial, and 4.7 classes, each with Adult & Junior (under age 16) divisions.
- Sunfish class: Master, Alumni (under age 40), and Junior (under age 16) divisions.
- Optimists: Opti sailors are grouped into Gold and Silver fleets, divided by skill level (not age). Opti Gold is typically comprised of experienced sailors older than ten and younger sailors who are competitive in interclub regattas. Opti Silver is typically comprised of inexperienced and younger sailors.
- Based on the number of boats registered, different classes may sail together (being scored separately).

Conduct of Races: Up to three races will be run at each regatta for each class, though one race constitutes a regatta. Sailing Instructions will be announced at the Skippers Meetings. (This modifies RRS 90.2.)

Scoring: Each sailor will receive points for a race equal to that sailor's finish position in his or her class (1st place is one point, 2nd place is two points, etc.). There are no course time limits, but a race may be abandoned if it is no longer a test of skill. Boats failing to finish within 10 minutes of the first boat to complete a course may be either finished in place or scored as Time Limit Expired (TLE), receiving points equal to the number of finishing boats plus 1. (This modifies RRS 35.) Regatta results are based on the points received by each sailor in all races. No scores are thrown out. First place for the class goes to the sailor with the lowest total points, 2nd place goes to the next lowest total, etc. Depending on the class sizes, awards may be broken down by division. If a sailor attempts to compete but does not finish a race (DNF), he or she will receive points for that race equal to the number of finishing boats in his or her class, plus 1. If a sailor attempts to compete but finishes no races, he or she will be awarded honorable mention. For season series scoring, a sailor not participating in a regatta will receive points for the regatta equal to the number of participating sailors in the applicable class or division, plus 1. Regatta ties shall be broken according to RRS Appendix A8. Ties in season series scoring shall be broken as follows: the sailor who participated in the greatest number of series regattas wins the tie, and any remaining ties will be broken according to RRS Appendix A8. (This modifies RRS Appendix A.)

Awards: Weekly awards will be determined and announced by the Race Committee. Participation and performance in the five “AYC Summer Series” regattas are the basis for perpetual awards that will be determined and announced by the Sailing Committee.

Organizing Authority and Contact Information: The Club, through the Sailing Committee, is the Organizing Authority for the weekend regattas. Questions can be directed to Ted or Michele Lynch (thomas.e.lynych@gmail.com and michele.b.lynych@gmail.com).

Decisions to Participate: Sailors are responsible for deciding whether to participate in a race or to continue racing. (RRS 4.) Parents or guardians of junior sailors should assist sailors decide if the weather conditions, water conditions, and the sailors' skill and experience are appropriate for the sailors to race.

Personal Floatation Devices and Safety Equipment: All sailors must wear at all times on the water a non-inflatable Coast Guard approved life jacket that is the appropriate size for the sailor. (This modifies RRS 40.) All boats must have class required safety equipment.

Racing Rules: The weekend regattas will be governed by the Racing Rules of Sailing (RRS) as modified by this Notice of Race, any amendments, and the Sailing Instructions announced at skippers' meetings. The weekend regattas are opportunities for AYC members of all ages (and varying abilities) to sail, compete, and have fun. Sailors are expected to adhere to Racing Rules of Sailing as part of the friendly competition. Self-policing and self-enforcement for any fouls is expected, and the Race Committee will resolve any protests (if necessary) after considering the nature of the foul, the experience of the sailors involved, the effect on the competition, and any other pertinent factors.

Coaching and Assistance During Races Is Prohibited (Generally): Coaching or other assistance to sailors is not permitted while a boat is racing, except as is permitted under RRS 41. However, the PRO may request that race instructors or others assist the back of the Opti Silver Fleet without penalty. (This modifies RRS 41.)

Special Scoring for Crewed Boats: Opti Silver sailors who sail together in one boat for a regatta will all receive points that count towards the series standings. For sailors in any other division competing in one boat, the more senior sailor or the sailor designated as skipper (if the sailors are in the same division) will receive points for the series standings, without regard for who actually acts as skipper or crew during the regatta or in any particular race.

Postponements: Regattas may be postponed by the Race Committee for any reason, including weather. Races may be postponed to any time later in the originally scheduled weekend (including holiday Mondays). Regattas not sailed on the originally scheduled weekend will be cancelled and not rescheduled.

Awards Presentation and Sailors' Gatherings: Sailors, families, and friends are all invited to the awards presentations following the races. For regattas starting at 10:00 a.m., awards are usually presented at a Sailors' Lunch on the North Deck starting around 12:45. For regattas starting at 1:00 p.m., awards are usually presented during a Sailors' Snack in the Bar starting around 3:45. Actual start times for the Sailors' Lunch depends on the timing of the races.

Volunteers: Volunteers are always welcome to help on land and on the water before, during, and after races.

Other AYC Sailing Events: This 2018 AYC NOTICE OF WEEKEND RACES covers only the eight 2018 weekend regattas specifically for Optimists, Sunfish, Lasers, and Club 420s. Other 2018 sailing at the Club will include:

- Pre-Season Sailing
- Youth & Sailing Camp
- Friday Night Lasers
- Flying Scot Island Series
- The Avalon Cup
- MAYRA Interclub Regattas
- The Offshore Pursuit
- The Leukemia Cup
- Twilight Sail and Poker Regatta
- The Cape-to-Cape Race
- Adult Sailing Lessons
- Post-Season Sailing

For more information, see the 2018 AYC Sailing Schedule and announcements in the *AYC Topsider*.
